Off Site Catering Packet

Thank you for choosing the Black Water Grill to cater your event. We hope our team can make your event a huge success! Our restaurant has partnered up with some of the top vendors in the northeast, making it possible for us to personalize any menu to suit your needs. If there is anything we may have forgotten to include, please let us know.

At our initial meeting, we are hoping to grasp your vision and make it come to life. At any time during the planning process, please feel free to contact us with changes; we just ask that you have your final decisions made two weeks prior to the date of your event.

We require a \$150.00 non-refundable deposit to order your food. This check will be returned to you on the day of your event, or you can use this deposit towards the balance. We also require a final head count one week prior to the event.

All food prepared at the Black Water Grill is subject to a 9% state, room, and meals tax. Your food can be available for pick-up or delivery. We have a \$25 delivery fee for anywhere within 20 miles of the restaurant; over 20 miles is subject to an additional mileage charge. Plastic plates, cocktail napkins, cutlery and serving utensils can be included with your order for \$3.00 per person.

If you wish to have a server for your event, an additional \$150.00 per server will be added to your bill. The server would come and help set up the event one hour prior to the start time, and then will stay for 4 additional hours to help serve, clean, and assist the event.
